

I am an XM Satellite Radio subscriber. I benefit from listening to XM Satellite Radio and its traffic and weather channels at any time I need. XM Satellite radio provides me with variety and quality that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I respectfully urge you, the FCC, to reject the NAB's petition 04-160 and I entirely support XM's ability to provide the kind of programming that I demand and deserve.
